Acknowledgement

01

My acknowledgement goes to the most high God for the abundant health, grace and protection throughout my industrial training.

I also pass my heartfelt gratitude to UPDC Ltd farm for giving me the opportunity to do my internship.

A great thank goes to my field supervisor Dr. Luboobi badru for mentoring me in all aspects and academic supervisor Mr. Ssemukasa Edward Lubega for the great supervision given to me and not forgetting all the university lecturers who trained me actively in the class.

Special thanks go to;

- Farm manager Uhuru farm, Dr. Luboobi Badru.
- Farm workers UHURU farm.
- My precious mother, Akampera Jovia, brother Abbey Kateregga, and my friends.
Your infinite assistance, tolerance, guidance, love and care will forever be remembered and may God bless you all.

Abstract

This report gives an account of my stay at UHURU farm for a period of 10 weeks .The internship exercise lasted for ten weeks that is 28th Feb 2022 to 7th May 2022.

The exercise was carried out at UHURU PDC Ltd farm in Lwengo District. Among the objectives of the industrial training included enabling the student transform theory into practical in real life situations, equipping the student with the relevant skills, competence and efficiency in execution of specific tasks, enabling the student get hands on experience real life situation they are expected to work in when they graduate, providing an opportunity for the student potential employers in order to appreciate field situations that will also generate information for curricular review with the academic staff, enrolling the student in working environment so as to develop student understanding of work ethics, demands, responsibilities and opportunities.

This report also contains and describes the activities implemented, skills and qualifications gained, challenges faced during the industrial training, conclusion of the report and recommendations derived from the challenges faced at UHURU PDC Ltd farm, Lwengo District.

Chapter one describes introduction and background, address, mission, vision, objectives and organization structure of UPDC Ltd farm.

Chapter two discusses the activities I did in different sections i.e. diary section, Rabbit section, Poultry section, and piggery section.

Chapter three contains the skills and qualifications acquired, responsibilities undertaken, influence of the training on future and correlation of activities with classroom knowledge.

Chapter four discusses the conclusion and recommendation.

04

1.0. CHAPTER ONE;

1.1. INTRODUCTION

UHURU PDC Ltd. is a non- government owned farm. This farm mainly operates in animal sector currently specializing in four main enterprises; dairy cattle, rabbit, poultry and piggery.

1.2. BACKGROUND

Uhuru farm is located in kisekka Sub County at Bukumbula-Nakyenyi village A in Lwengo district. The farm is on mbarara highway after kinoni town and 2 km from kaapa -boda stage Nakyenyi.

The farm started as a ranch keeping only Borans in 2005 by Mr. Mutabaazi George who is the former C/P of Lwengo district. Later in 2015, he came up with the idea of changing to dairy cattle and started to upgrade the breed up to date.

The farm covers 100 acres of land which are all used for agricultural purposes i.e. rearing diary cattle, pigs, rabbits and poultry. Another part of land is for crops like maize for silage, bananas, Alfa Alfa, chloris gayana and elephant grass production.
