DEDICATION

This Report is dedicated to my dear parents Mr. Wamusi Augustine, my Mum Buteme Agatha not forgetting my brothers and sisters for their financial support they rendered to me throughout my study. May the almighty GOD rewards you all abundantly.

ACKNOWLEDGEMENT

First and foremost I would like to thank the Almighty God for the gift of life and good health.

I appreciate my dear parents for their un-ending struggle and support they have offered to me since I was a child up to now and I pray for the blessings of God upon them forever.

I do appreciate Busitema University for the great and good scholastic services they provided to me through my course.

I also extend my appreciation to the administration of Tadeo farm enterprises limited for accepting me to carry out industrial training practice from their farm.

I also acknowledge my brothers, sisters, relatives and friends who have helped me in many ways.

My course mate especially Bwire Emmanuel whom we cooperated during our stay at Tadeo farm enterprises limited .

Great thanks also go to my supervisor Mr. Ochom Geofery who have been so good to me and equipped with much knowledge and skills in animal production and management.

May God bless and reward you all abundantly for the kindness and sympathy towards me during the training.

ABSTRACT.

TADEO FARM ENTERPRISES LIMITED is a private farm with three main enterprises ie; dairy, small ruminant and piggery. It is aimed at producing high quality and quantity milk, beef, pork, mutton for the community.

The industrial training at Tadeo farm enterprises limited attempted to provide practical skills, field practice and experience to enhance the theoretical knowledge that is learnt in class. Therefore, my objectives were to acquaint myself with;

- The various animal husbandry practices and get hands on experience on animal welfare skills,
- The various breeds of dairy cattle, small ruminants e.g goats ,sheep and pigs at TFE LTD.
- Animal diseases, their signs, symptoms, and treatment,
- Methods of pest control used by farmers in the three enterprises,
- Pasture management and preservation,
- Piggery ,small ruminants production and dairy management and to practically get some knowledge on artificial insemination, milk preservation, milking method (hand milking) and animals handling during treatment.

The training revealed that some of the theory taught in class slightly differs from what is practically done in the field, for example, very few welfare practices are applied in the farm. The obvious ones that are observed include, providing shelter, food, treating animals, allowing animals to rest as well as proper restraint of animals during milking among others but when it comes to moving animals in races, welfare is not followed at all because animals are beaten badly and sometimes they even bleed.

The training also revealed that production and management in any enterprise are three different broad activities which must move hand in hand for any farm to get the expected profit or even more. Production and management require a lot of hard work, sacrifice, dedication and determination.

It is therefore recommended that more animal husbandry officers should be trained to guide and advise farmers who are facing hardships in production and management.

CHAPTER ONE;

1.0 INTRODUCTION

Tadeo farm enterprises limited is a private owned farm registered under the Ministry of Agriculture, Animal Industry and Fisheries. This farm mainly operates in animal sector specializing on three main enterprises; small ruminants (sheeps), piggery and dairy cattle.

1.1 BACKGROUND

Tadeo farm enterprises limited is situated in Tororo district 2 miles from Corner trading centre along Busia Road, near the slopes of Osukuru hill, Kasipodo village, Osukuru sub-county, . The farm covered 32 acres of land.

The farm was established in 1970's by the subsidiary of Tadeo Group of Companies.

Tadeo farm enterprises limited is a private organization registered under the Ministry of Agriculture, Animal Industry and Fisheries in 2004. Its address is P.O. Box 806 Tororo-Uganda. Telephone: 0779957753, Email: okothjosue@yahoo.com.

The institution produces agricultural products e.g. milk and pure breeds of exotic cattle like Friesians which are sold to the community around and across the country.

It is also a livestock training institute which trains students from different universities, communities, organizations and institutions dealing in animal management practices, so as to equip them with knowledge and skills in animal production and management. The aim is to improve on the livelihood and development of the nation as a whole in terms of agriculture.
