

**THE COMPETING AND CONFLICTING ECOSYSTEM SERVICES OF WETLANDS  
IN NAMALEMBA SUB COUNTY , IGANGA DISTRICT.**

**BY**

**NUNDO JAMALI  
BU/UP/2016/431**

**A RESEARCH REPORT SUBMITTED TO THE DEPARTMENT OF GEOGRAPHY  
FACULTY OF SCIENCE AND EDUCATION IN PARTIAL FULFILMENT  
OF THE REQUIREMENT FOR THE AWARD OF A BACHELORS  
DEGREE IN SCIENCE AND EDUCATION OF  
BUSITEMA UNIVERSITY.**

## **APPROVAL**

This is to certify that this research proposal is for NUNDO JAMALI entitled” the competing and conflicting ecosystem services of wetlands in Namalemba sub county, Iganga district.

”.

TURYAHABWE REMIGIO.

(SUPERVISOR)

## **DEDICATION**

To my beloved family members most especially my father who did a great job through supporting me with some funds which I used to complete the research project. I still send more greetings to my other family members more so my mother who adequately strengthened me and encouraged me to continue with my project.

## **DECLARATION**

I, NUNDO JAMALI here declare that this is my own original work and has never been presented to any university or institution for award of a diploma or degree.

Signature.....Date.....

NUNDO JAMALI.

(STUDENT)

## **ACKNOWLEDGEMENT**

I wish to express my sincere gratitude to God for the courage and strength he Bestowed upon me when writing my project work. I am grateful to Busitema University for giving me the opportunity to pursue this Bachelor's Degree. I greatly feel Honored to salute my supervisor, Mr.Turyahabwe Remigio of Busitema University of Nairobi for his professional guidance and encouragement that he gave me the initial impetus to develop my research project.

I also thank all my family members, friends, colleagues and classmates especially for their moral support and encouragement while developing this project.

I would also like to register appreciation to all respondents in the study site who willingly participated in the study and gave information which made my study successful. Finally I extend my gratitude to my mother and victor funding me in my research.

## **ABSTRACT**

The study is aimed at finding the impact of industrialization on water, the competing and conflicting ecosystem services of wetlands in Namalemba Sub County.

The data was obtained through administering the questionnaires to the subjects and the interview guide, use of direct observation, recording and cross section of residents in the study area helped the researcher during the data collection process.

The research population sample includes the local council official, workers, and the nearby tenants.

The results were tabulated and figured in pie-charts and graphs.
