TOTAL	4400	

ABSTRACT

This report documents all about my industrial training period in Ngariam Sub County from 21 May 2018 to 27 July 2018. It was conducted every week from Monday to Friday, either in the sub county headquarters or in various parishes in Ngariam Sub County. It consists of four chapters which include the following

Chapter one –Contains introduction part which includes things like the location of Ngariam s/c, the origin, the services the sub county offers to its people, the climate, the area and the organization structure of Ngariam sub county

Chapter two-Contains description of attachment which includes things like the background of industrial training, activities like orientation, meat inspection, distribution of things like goats, sheep, Heifers, posho and beans to selected beneficiaries in Ngariam sub county . It also includes activities like sensitizing farmers on pasture production and management, sensitizing farmers on animal treatment and management, citrus management activities and vaccination of Shoats against PPR

Chapter three-It contains the impact of attachment which includes things like skills and qualification gained from attachment e.g. experience in animal treatment, report writing, public speech, mobilization of farmers, and settling of disputes among farmers it also contains responsibilities under taken e.g. mobilization and training of farmers, It also has the correlation of activities performed in the field with class room work e.g. the same teaching procedures and same measurements

Chapter four-chapter four contains conclusions and recommendations both to the sub county and to the university

CHAPTER ONE; INTRODUCTION

1.0 Back ground of industrial training

Industrial training is modules students always study in schools where by students are allowed to move out so that they can get experience or to put what they learnt in class in to practice. Students are then later on supervised after the course of industrial training its mainly to equip students with practical skills.

1.1 Background information

Ngariam Sub County was established by the British colonial administration through Muganda general called Semei Kagungulu who first established the sub county headquarters on Moroto road it was built in 1965 by African local government under teso district administration. it formerly comprised of seven parishes, three sub county parish chiefs, 13000 people, 29 villages

1.2 Location of the area

Ngariam Sub County is located along Moroto road in Ngariam district, odoot center in Ngariam sub county head quarters

1.3 Services which Ngariam sub-county provides to its people

Among others the sub county provides the following to people who are in Ngariam Sub County

1. Education
2. Agricultural inputs
3. Guidance to people mostly farmers
4. Bore holes to people
5. Shoats and cattle
6. Citrus seedlings

Ngariam Sub County is under local government and the people who are under Ngariam sub county are the once which often benefit mostly from Ngariam sub county,
