Hook		For hooking the meat when cutting in meat inspection
Sandy Soil		For Seed Testing
Laptop/ Computer		For Entering Data into the Spreadsheet/ for Entering Records
Pen		For Writing
Containers		Used in seed testing for holding the soil

## ABSTRACT

The Industrial Training was carried out from 28<sup>th</sup> Feb to 22<sup>nd</sup> April 2022 in Soroti City a period of 8 weeks. This report contains information on activities I carried out as a Course Unit for Award of Diploma in Animal Production under the Department of Agri-business and Extension with the aim of putting into practice the theoretical knowledge from the lectures received to gained new skills and boost confidence.

Attached to Soroti City Council under the Department Of Production ,I carried out tasks that correlate with my course leading to acquisition of new skills, these skills and knowledge came hand in handed with challenges faced then my conclusions and recommendations.

This report contains details on the background of attachment, history, objectives, skills gained and so much more. Reading through this report give one light on different tasks which cut across not only animal but also cross sector. These activities were divided in three categories that is; meat inspection at the abattoir, where by I got to visit the abattoir and put my knowledge into use in identification of parasites and diseases that attack animals.

Office work .this involved entering data into computer, the data and lastly field work which involved going out to different parts of the city collecting information on Agro-input Enterprises Vaccination of Poultry and Demo on Pig feeding.

With all these activities carried out I got to experience a lot and gained new skills that are of help to me as a student doing DAP as expressed in this report. Evidence of attachment and activities will be show I the photos attached at the appendices.

## **CHAPTER ONE**

### **1.0 INTRODUCTION**

In this report I will be writing a detailed explanation of my experience at work during my internship period at Soroti city Council .The main objective of internship is to turn academic and theoretical knowledge in to a diverse and professional experience. Soroti city Council is a government aided agency under the Ministry of local government located in Soroti town, Soroti District, Uganda. I will be attempting to explain the aims and objectives of the agency, its administrative setup and departmental heads including their roles. The different challenges faced and the possible solutions. My daily activities are also laid out based on the instruction and guidance of my agency supervisor with detailed examples and explanations including when and where they took place. I should say, reading this piece of work will help one gain knowledge based on my work experience at Soroti city Council.

### **1.1. BACKGROUND OF SOROTI CITY COUNCIL**

Soroti City is one of the main Commercial and Administrative City in Eastern Region of Uganda. Soroti City owes its origin to the establishment of Kakungulu's Camp near Solot Rock as an Administrative Post to oversee Serere, Gweri and Soroti areas as directed by the District Commissioner, Mbale. The choice of this site was influenced by the availability of good water from the streams and the rock was good for defense purposes against possible attacks from locals around. Under the able rule of Semei Kakungulu, there was a considerable settlement in the area after forcefully clearing the forests using the locals.

In 1912, Sir Fredrick Jackson as new Governor, recommended Soroti Town to become a Permanent Headquarters of Teso Region. Teso then used to comprise of what is now Bukedea, Kumi, Katakwi, Kaberamaido, Amuria and Soroti District. Soroti as Headquarter became a Town Council in the late 1960's and a City in 2020.

### **1.2. LOCATION**

Soroti City is located in Soroti County in Soroti District. It lies on latitude 33.38'.East and longitude 1.45' North of Equator. It is 356 km North East of Kampala City. Soroti Municipal

Council is located on Plot No. 14-16 Kennedy Square. It is the third largest town in Eastern Uganda after Jinja and Mbale.

### **1.3. VISION**

Prosperous, Self-sustaining City by 2016.

### **1.4. MISSION**

To provide quality services to the people of Soroti City based on Local and National priorities.

### **1.5. GOAL**

Poverty Reduction and Sustainable Improvement of life for the people of Soroti City.

### **1.6. OBJECTIVES**

To improve and expand production of food and other resources enough to a community.

To increase production to fit the growing population in the City
