Figure 2: Showing castration of bulls.

ABSTRACT

10

This report contains and describes the activities implemented, skills and qualifications gained, challenges faced during the industrial training, conclusion of the report and recommendations derived from the challenges faced at Bukwo sub county, Bukwo District Local Government. The objective of this industrial training is to make students benefit from the skills and knowledge gained from the fields, apply the knowledge they get from the classroom in the field and build confidence in the students. During internship I was attached to the department of animal production. This was followed by orientation where I was first introduced to the CBFS and later I implemented the activities such as; castration of bulls , animal vaccination and poultry vaccination THREE Programme Training of farmers group on pasture establishment and management , Training of farmers on animal management, animal treatment, vaccination of dogs and cats in all the parishes(pet animals). These activities has made me to gain a lot of skills and knowledge like; Deworming of goats and cattle, skills in Castration, skills in general management of animals, communication skills and confidence in training farmers on animal and crop management, During internship, I also face some challenges like; poor mobilization of the farmer, lack of veterinary drugs and equipment at the Sub County, limited transport means for field work in the production department and poor turn up of the farmers to the training. In conclusion all the activities were implemented and industrial training was carried out successfully. I was able to gain a lot from it. I was in position of getting practical skills and knowledge in line with my career and relating with people in the field. The technical advice that I provided addressed farmers' problem and needs. Much as all were successfully done, there were also some little challenges which hindered the smooth running of the activities making me recommend that proper mobilization of farmers must improve for the training programs to solve problems of poor turn up during such activities, government should also increase the number of motorcycles to solve transport problems and more equipment and veterinary drugs to be installed so that animals are treated and vaccinated in time.

2/5
1.0 CHAPTER ONE.

1.1 Introduction.

This report describes the activities implemented, skills and knowledge gained, challenges faced during the internship, conclusion of the report and recommendations derived from the challenges faced at Bukwo sub county, Bukwo District Local Government during the time of industrial training.

1.2 Objectives of the industrial training.

The objective of the internship is to;

- ❖ Make students benefit from the skills from the fields
- ❖ Make students apply classroom knowledge in the field.
- ❖ Build confident in the students

1.3 Background of Bukwo Sub County

1.3.1 Location and area

Bukwo Sub County Local Government is located in the west of Bukwo District with a total land area of 1,654 sq. km. It is bordered by Bukwo town council in the west, Kapterewo Sub county in the East and South, Riwo Sub county in the North, Amenga Sub County in the Northwest and Sandeneta at south. It surrounded bukwo district in the middle and has four parishes which are; kulu, chebinyiny, kamutiwano, meyita with 43 villages. The Sub county headquarters is located in Brokoyo village, Eastern division, bukwo district along bukwo kapnandi road and it is about 2km from the district headquarters.

1.3.2 Political and administrative infrastructure

The Sub County is under the political leadership of the Lc3 who heads the governing council and the Executives. The Council is the sole decision making body for the Sub county and its decisions are implemented by the Technical Planning Committee staff from various disciplines headed by the Sub County Chief. There are 2 Sectorial committees of the Sub county council each headed by a secretary (executive) namely; Production, Works and Technical Services Committee and Finance, Planning, Administration and Community Services Committee
