ABSTRACT

This Field attachment was carried out in Kumi district under Kumi Sub County in Olupe parish. For a period of ten weeks from 20th/ May/ 2019 to 26th/ July /2019 with the objective of Equipping a student with practical skills and knowledge through hands on activities. This report contains four chapters; Chapter one contains introduction that has the background of The s/c, the land area, population, map of Kumi district and Kumi s/c, and the organizational Structure, the vision, mission, the goal, and the objective. Chapter two describes field activities carried out in different parishes. The activities include; Orientation, distributions of the following South African male goats, tree species, and cassava stem cuttings, pheromone traps, kuroilers. Demonstrations on the following; nursery establishment for vegetables i.e. collards, formulation of organic pesticides and fertilizers, silage making and compost, IMO making, prune citrus, watering, gap filling, hardening off, transplanting. Trainings on the following; pesticides and human safety, poultry as a business, piggery as a business, record keeping and business plan, post-harvest handling, YLP, enterprise selection, bee keeping. Other activities include; vaccination of the goats, sheep against Pettis Des Petit Ruminates (PPR). Using PPR vaccine, farm visits to different individual farmers, plant clinics, budget approval for the s/c. Chapter three contains the skills and qualifications I attained during the industrial training, the responsibilities I undertook during the attachment period, how the skills I attained will influence my future career plans and how the attachment activities correlate with my classroom knowledge. Chapter four consists of the key conclusions I derived from the attachment experience, general observations about the sector I was attached to, and the recommendations. Finally the appendices, pictures, work plan and the map.

1.0 CHAPTER ONE: INTRODUCTION

1.1 BACKGROUND

Kumi s/c is one of the 07 s/c of Kumi district and is found in Kumi County. The s/c got this from Kumi village in which the headquarters of the s/c was first built.

However, the s/c headquarters is now located in okouba parish on Omatenga road 5 km from the district headquarters and 100m off the Kumi Omatenga road.

The s/c borders Ongino s/c in the east, Atutur s/c in the south, Nyero s/c in the west, Mukura s/c in the north and lake Bisina in the north east

1.2 LAND AREA

Kumi s/c has the total land area of 121.79sq km of the land with 22.32sq km occupied by water. The people of Kumi s/c are majorly iteso isolated Bantu and bukenyi living in the fishing villages along Lake Bisina.

1.3 VISSION.

"A healthy and prosperous s/s by 2030".

1.4 MISSION.

To provide quality services in conformity with program priority areas and local needs in a sustainable manner.

1.5 OVERAL GOAL.

To improve the quality of life of the people in Kumi s/c.
