ABSTRACT

Industrial training has been conducted in Abim district, Orwamuge parish, Bartanga village. it took a period of 10 weeks from 28th/02/2022 to 6th/5/2022 at 8: 00am – 5:00pm from Monday to Friday, am doing DCP, the aim was to acquire more skill and knowledge in field and sharing the one we learnt from school to the field, it has been in 3 locations i.e. horticulture, agro forestry trees nursery bed, monitoring and evaluation of farmers. Activities done; collecting data, irrigation of cow Pea, pricking out seeding, hardening off, planting cow Pea in line, root pruning. Objectivities of field attachment: to develop student's understanding of work ethics, employment demands and responsibilities, to enhance and strengthen linkages between Busitema university and the various stake holders, to enable a student get hands on experience real useful life situation a student expects to work in after graduation ,to enable student to get an opportunity to apply the techniques and principles theoretically learnt into real life problem solving situations .chapter three challenges face Harsh weather condition i.e. long dry spell of drought and too much rain, Poor road network leading to farmer locations, Poor record keeping by farmer of the good they produce, Long distance to reached farmer in very sub- county

Chapter four. conclusion; with amnesty granted to me to conduct my industrial training at share an opportunity (SAO) Uganda, it has imparted to me much more with particle skill and knowledge, recommendation: to (SAO)Uganda, they should plan base on the needs of farmer not organization needs, organization activities must extent to other sub – county in Abim district not only two sub – county, to the university; to encourage lecturers to do practical part of the course module not only during framer practice and examination period.

CHAPTER ONE

Introduction:

1.1 Historical background of the organisation

Share an Opportunity (SAO) Uganda is a Christian child centered non- government organization that started her community development intervention in 19991 as a small save an orphan program. Its mandate is the expression of the Christian care to children in need irrespective of race, sextant creed, and nationality, religious or political conviction. SAO was register in 2002 as an NGO by ministry of internal affairs Uganda and is a affiliated to Baptist union of Uganda, SAO Uganda has a board of trustees and board of director who support the secretariat to execute SAO mandate to the targeted population the activates of SAO are supported and funds that lobbied from well-wishers in the community and partnership with other agencies. The majority of the funding from donors

1.2 geographical location of the organization: Share an opportunity Uganda, Abim field offices operates and implements projects in Abim district, west karamoja .the organization concentration in term of projects in activities are in two sub – county of Lotuke and Awach. SAO field offices is located 10km west from Abim district head quarter at Lotuke sub- county, Orwamuge trading center.

1.2.1 Thematic areas: SAO Uganda's focus is on four strategic themes which include project children to live their potential and enjoy their rights within the community; strengthen the socio-economic capacity of communities through sustainable development initiatives; promote health states of children and household in SAO supported community ; strengthen institutional capacity of SAO Uganda to deliver effective child and youth focus programmers and build organizational sustainability

1.3 Organization statement

1.3.1 Vision: A holistically developed child with the community.

1.3.2 Mission: To empower communities to provide for holistic child development
