DEDICATION

Every challenging work needs self-efforts as well as guidance of elders especially those who were very close to our heart.

My humble effort I dedicate to my beloved parents Mr. Musana David and Mrs. Nyangoma Florence, whose affection, love, encouragement and prays of day and night enable me to get such success and honor.

ACKNOWLEDGMENT

First and foremost, praises and thanks to God, the Almighty, for his showers of blessings throughout my report work to complete the report successfully.

I would like to express my deep and sincere gratitude to my academic supervisor, Mr. Wapande Jowalie for providing valuable guidance and all the necessary support to me throughout this report. His dynamism, vision, sincerity and motivation have deeply inspired me.

I am extremely grateful to my family for their love, prayers, caring and sacrifices for educating and preparing for my bright future.

My special thanks go to all my comrades for the work well done and wonderful assistance I granted from them during the course of my research.

ABSTRACT

The recess term covers duration of two months activities carried out at Uganda wildlife authority in Mt. Elgon national park.

Chapter one talks about the background to Recess, objectives of the Recess, description of field attachment area which covers historical background of Mt. Elgon national park, and its management structure, uniqueness of Mt. Elgon national park, maps showing the location and the size of the park as well as the activities carried out in Mt. Elgon national park.

Chapter two covers the methods and materials used in the field to achieve my internship objectives.

chapter three presents a clear discussion and results of the Recess attained from my recess project which covers activities carried out during my recess term.

Chapter four talked about attachment experienced by the students which includes skills learnt and how relevant to the student's professional and carrier growth, the evaluation of the strength and weaknesses of the organization where attached in relation to my professional growth, other activities assigned by the field supervisor, level of accomplishment and how relevant the activities were to my professional growth.

Chapter five covers the recommendations, conclusions covering chapters two, three and four and finally the references.

CHAPTER ONE: INTRODUCTION /BACKGROUND

1:0 INTRODUCTION

Recess term trip is a profession learning experience that offers a meaningful, practical work related to a student's field of study. Recess helps a student start to build a professional network that can be a resource for the student; it also gives student a chance to learn new skills.

Our recess term trip begun on 17th November 2025 on Monday with the briefing at the campus whereby the briefing started at around 12pm led by our supervisors like mr.wampande and Mr.Jonah. After the briefing we took photos and set off at exactly 1:00pm.

We had our 1st stopover in Pallisa at Total petrol station for refueling our bus and picking one of our student Calvin Peter then we proceeded and had the 2nd stopover in Mbale to pick another student Balikowa Oscar and Prisca also got some bought drugs ,then we proceeded. Another stopover at Sironko for buying some food stuffs by the team and supervisors and then proceeded with the journey and at Choma, due to rugged terrain,the university bus could not continue and we were forced to stop. Our supervisors got the truck to take the luggage and the food stuffs with a few students who wouldn't manage walking and others remained walking with the supervisors headed by Mr. Wampande, and Mr.Wejuli up to Cheptilial center where the truck couldn't also continue due to the mud slides that had occurred a few days ago which led to the sticking of the blue canter truck in the road hence blocking the way for us. This made us to carry the luggage with us walking up to Mt Elgon national park education center about 4km from that Cheptilial center which was very hectic for some of us. We arrived at the Elgon exploration center at around 9:00pm in the night and we had a brief meeting at around 9:30pm where by during the meeting led by tour
