CHAPTER ONE

1.0 INTRODUCTION

This chapter introduces the topic, covers the background of the study, the problem statement to the study, objectives, hypothesis, research questions to the study, significance or justification of the study and the conceptual frame work.

1.1 Background of the study

The livestock sector globally is highly dynamic. In developing countries, it is evolving in response to rapidly increasing demand for livestock products. In developed countries, demand for livestock products is stagnating, while many production systems are increasing their
